

## FEDERAL LOANS BENEFIT STATE

\$2,600,000 Disbursed to  
Farmers According to  
R. P. Brewer

About \$2,600,000 has been disbursed in Oklahoma by the war finance corporation since it began to function in November, was the statement Monday of R. P. Brewer, chairman of the board of the Oklahoma National bank, who is one of the six members of the Oklahoma board. The board has approved an average of \$425,000 of \$750,000 at its every Saturday sessions in Oklahoma City. The amount approved last week being \$600,000, Brewer said. Disbursement of this state's share of the federal loans is being made in other states. For instance, Oklahoma received from the national funds during the second week in January the much larger amount of any state in total disbursements of \$1,000,000. Oklahoma's amount being \$175,000 as compared with Wisconsin's \$100,000, Kansas' \$125,000, Minnesota's \$125,000, North Carolina's \$100,000, Nebraska's \$100,000 and so on.

Beneficial results in the localities where the funds have gone, through alleviation of financial stringency, have been reported to the commission. The beneficiaries are farmers and livestock breeders, reached through banks and trust companies. The funds have been a lifeline in the southern part of the state especially where cotton crops were damaged by the boll weevil. Northeastern Oklahoma has received approximately one-half million dollars.

Within several days after approval of a loan is made by the state board, the amount is available in the federal reserve bank at Oklahoma City for the bank to which the loan has been granted. Board members are Brewer, Samuel L. Morley of McAlester, P. A. Janeway, P. P. Martin and John Tetter. All of Oklahoma City, and Carl Williams, editor of the Oklahoma Farmer-Stockman.

## CARE OF PUPILS' HEALTH

Authorities Recommend Responsibility  
For Child's Welfare.

Special to The World.  
PAWBUKKA, Jan. 16.—Physical examination of school children, which is to be started soon, is looked upon by those who worked to get it the beginning of recognition by school authorities of responsibility for students' health. Although the physicians and dentists have volunteered to conduct the examination, assisted by the Red Cross city nurses, it is believed that in a year or more the schools will provide a nurse and examining board.

The physicians, dentists, and board of education have agreed to have the standard Red Cross examination in the schools. A regulation has been adopted by which any student with a contagious or infectious disease must be reported to the city health officer and school superintendent and may not return without a doctor's certificate.

## GOOD ROADS TO KANSAS CITY

Afton Will Celebrate Completion of  
Great Concrete Highway.

Special to The World.  
AFTON, Jan. 16.—The concrete highway between Miami and this city will be completed within a few days, weather permitting. The asphalt top is now being laid, and then the only work remaining will be that of grading the sides. The completion of this road will give this city practically uninterrupted hard surface connection with Kansas City.

The day the road is completed will be declared a holiday and state highway officials and members of the federal highway department will be invited to come for the occasion.

## Will Debate at Sallisaw.

Special to The World.  
WAGONER, Jan. 14.—Watson Gray, Iweta Miller and Mildred Rube, with Gladys Carroll as alternate, were selected this week as the three debaters to represent Wagoner in the district debate at Sallisaw to be held the latter part of this month.

## YOU ARE BUSY

## Famous Band Master Comes Here Sunday

Lieut. Commander John Philip

Bousa and his famous band, enlarged this season, to nearly 100 musicians, will visit Tulsa next Sunday night in the course of the most extensive continuous tour he has yet made on this continent.

The completion of his 1921-22 season, will bring the total itinerary of Bousa's Band to nearly 800,000 miles, which includes more than 24 trans-continental journeys, five tours of Europe and one across globe circling concert expedition of 60,000 miles. To this unchallenged record Lieut. Commander Bousa this season will add a tour which includes the principal cities of Canada, Mexico, Cuba and the United States.

The historic tour of the world made by Bousa's Band 10 years ago stands alone in the annals of concert giving. It included the principal cities and towns of Europe, Africa, Australia, Tasmania and New Zealand, the Fiji Islands and Honolulu. Bousa has followed the

flag, and his marches, notably "The Stars and Stripes," have been heard wherever our national emblem has been seen.

## K. OF P. PIAN INITIATION

Knights Will Have 25 Candidates, a Banquet and Glorious Time.

Special to The World.  
OKEMAH, Jan. 16.—Probably the largest number of state officers of the K. of P. lodge to assemble at a local lodge meeting will be at Okemah on next Thursday night when about 25 new members will be initiated into the mysteries of the order. A banquet is being arranged to be served at a local cafe between the work of the second and third rank. The lodge here has always been a live wire and during the past week H. B. McVillie and R. L. Jordan, in the city working in the interest of the lodge.

Besides Mr. McVillie, G. E. Cassidy, grand chancellor of Oklahoma, of Okmulgee will be here with his team to put on the work. Harold C. Brunt, supreme representative, Chandler; Frank E. Duncan, supreme representative, Tulsa; A. O. Romine, grand keeper of record and seals, Hobart; Oils Snow and James Bowen, past grand chancellors, Tulsa; H. L. Sanders, past grand keeper of record and seals, Tulsa and R. L. Jordan, past grand chancellor, McAlester.

An invitation has been tendered and accepted by the Prague lodge to be present. Attorney James M. Shickelof is chancellor and G. J. Donney is keeper of records and seals of the local organization.

## JEWEL ASPIRES TO GET ON BOARD

May Be Candidate for  
Post With Others Who  
Decide Rail Matters

CHICAGO, Jan. 16.—B. M. Jewel, president of the railway employees department of the American Federation of Labor, may be named as candidate for one of the places on the United States railway labor board, which will be vacant in April. It was reported here today.

Jewel would be the American Federation of Labor candidate to succeed to A. O. Wharton, member of the labor group on the board.

The vacancies on the board will occur in April. In addition to Wharton, the terms of J. H. Elliott of the railroad group and G. W. W. Hanger of the public group will expire. Nominations are to be presented to President Harding for consideration in March.

The board is now considering a

number of petitions for further wage cuts, all from smaller roads. The big roads are expected to file their petitions shortly.

The Pennsylvania railroad injunction case will come before Federal Judge K. M. Landis Wednesday on a motion to dismiss. Members of the labor board were in conference with Assistant District Attorney John V. Clinin concerning the handling of this case.

## NEWS TO HAVE A NEW HOME.

Editor Will Plan Building Specially to Accommodate Business.

PONCA CITY, Jan. 16.—C. E. Muchmore, editor-owner of the Ponca City Daily News has purchased the E. W. Marland corner at Third street and Grand avenue, one of the most prominent business sites in the city, and will erect a special building there to house his newspaper plant.

The corner makes it possible for him to have 140 feet of plate glass along the east side of the building, thus giving unusual lighting facilities.

## Julian Eltinge

World's Most Famous Female Impersonator to Appear at the  
Orpheum Theater Thurs-  
day and Friday

The most important announcement of the present Orpheum season is the news given out today by the management that Julian Eltinge, the world's famous female impersonator will appear at the Orpheum the latter part of this week. Mr. Eltinge is breaking a jump from New Orleans to Omaha, Neb., and the local management persuaded him to fill in the jump by playing here. Mr. Eltinge will not arrive here. Mr. Eltinge will not arrive here in time to play the Thursday matinee but will play two shows Thursday night and all of the Friday performances; after the Friday shows he will leave in order to make Omaha for Sunday. Therefore, he will play in Tulsa just five performances—two on Thursday, three on Friday and none on Saturday. The regular five-act bill will open the same as usual on Thursday matinee without Mr. Eltinge. Then, on the night shows Mr. Eltinge will appear in addition to the regular five-act show. There will be six acts at all of Friday's shows and on Saturday after he leaves the regular five-act bill will still remain. An advance in addition will be made for the performance that Mr. Eltinge appears, this is made necessary by the large salary paid Mr. Eltinge, who is one of the highest salaried artists in vaudeville.—Advertisement.

J. O. B. South Bend

## Studebaker is the world's largest builder of six-cylinder motor cars!

1921 was the TEST YEAR for motor car values. It was a year of discriminating buying. People did not buy cars, last year, as the result of a whim or fancy. They bought on the basis of intrinsic values.

And in such a year Studebaker built more six-cylinder cars than any other manufacturer in the world.

Studebaker led in 1921 because it built—complete in its own plants—cars of superior design, materials and workmanship, at the lowest possible prices.

Studebaker will lead again in 1922 because, in the new models, the refinements of the new year have been added to the proven values of the old. Be sure to see the new models at the show.

Look for these Features in the New Light-Six at the Show:

A car of 112-inch wheelbase, built complete in Studebaker plants, seating five adults in perfect comfort. Genuine leather upholstery.

40 H.P. 3 1/2 x 4 1/2 detachable head motor of exclusive Studebaker design. Intermediate transmission.

Valves inclined at 20-degree angle for purposes of greatest economy and smoother performance.

Patented internal hot-spot, which means greater efficiency. Completely machined crank-shaft and connecting rods.

Cool ventilator controlled from dash. Cool parking lights. Thermostatic-controlled cooling system. Windshield wiper. Large plate glass window in rear of top.

32 x 4-inch cord tires.
